The information provided in the booklet is intended to summarize the provisions of Group Policy No. 180654. If there are variations between the information in the booklet and the provisions of the policy, the policy will prevail to the extent permitted by law.

This booklet contains important information and should be kept in a safe place known to you and your family.

The Plan is underwritten by

This booklet was prepared on: August 10, 2023

Access to Documents

You have the right, upon request, to obtain a copy of the policy, your application and any written statements or other records you have provided to Canada Life as evidence of insurability, subject to certain limitations.

Legal Actions

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* (for actions or proceedings governed by the laws of Alberta and British Columbia), *The Insurance Act* (for actions or proceedings governed by the laws of Manitoba), the *Limitations Act, 2002* (for actions or proceedings governed by the laws of Ontario), or other applicable legislation. For those actions or proceedings governed by the laws of Quebec, the prescriptive period is set out in the Quebec Civil Code.

Appeals

You have the right to appeal a denial of all or part of the insurance or benefits described in the contract as long as you do so within one year of the initial denial of the insurance or a benefit. An appeal must be in writing and must include your reasons for believing the denial to be incorrect.

Benefit Limitation for Overpayment

If benefits are paid that were not payable under the policy, you are responsible for repayment within 30 days after Canada Life sends you a notice of the overpayment, or within a longer period if agreed to in writing by Canada Life. If you fail to fulfil this responsibility, no further benefits are payable under the policy until the overpayment is recovered. This does not limit Canada Life's right to use other legal means to recover the overpayment.

Quebec Time Limit for the Payment of Benefits

Where Quebec law applies, benefits will be paid in accordance with the terms of the plan within the following time period:

- for death benefits, 30 days following receipt of the required proof of claim.
- for any other benefit, 60 days following receipt of the required proof of claim.

Employer Role

The employer's role is limited to providing employees with information and not advice.

Protecting Your Personal Information

At Canada Life, we recognize and respect the importance of privacy. Personal information about you is kept in a confidential file at the offices of Canada Life or the offices of an organization authorized by Canada Life. Canada Life may use service providers located within or outside Canada. We limit access to personal information in your file to Canada Life staff or persons authorized by Canada Life who require it to perform their duties, to persons to whom you have granted access, and to persons authorized by law. Your personal information may be subject to disclosure to those authorized under applicable law within or outside Canada.

We use the personal information to administer the group benefits plan under which you are covered. This includes many tasks, such as:

- determining your eligibility for coverage under the plan
- enrolling you for coverage
- investigating and assessing your claims and providing you with payment
- managing your claims
- verifying and auditing eligibility and claims
- creating and maintaining records concerning our relationship
- underwriting activities, such as determining the cost of the plan, and analyzing the design options of the plan
- Canada Life's and its affiliates' internal data management and analytics
- preparing regulatory reports, such as tax slips

We may exchange personal information with your health care providers, your plan administrator, any insurance or reinsurance companies, administrators of government benefits or other benefit programs, other organizations, or service providers working with us or the above when relevant and necessary to administer the plan.

As a plan member, you are responsible for the claims submitted. We may exchange personal information with you or a person acting on your behalf when relevant and necessary to confirm coverage and to manage the claims submitted.

You may request access or correction of the personal information in your file. A request for access or correction should be made in writing and may be sent to any of Canada Life's offices or to our head office.

For a copy of our Privacy Guidelines, or if you have questions about our personal information policies and practices (including with respect to service providers), write to Canada Life's Chief Compliance Officer or refer to www.canadalife.com.

COMMENCEMENT AND TERMINATION OF COVERAGE

You are eligible to participate in the plan after you have worked at least 390 hours over a 26 consecutive week period. You must satisfy the actively at work requirement throughout the eligibility waiting period.

- You and your dependents will be covered as soon as you become eligible.

You may waive health and/or dental coverage if you are already covered for these benefits under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 31 days of loss of such coverage, or you were previously declined for coverage by Canada Life, you and your dependents may be required to provide evidence of insurability acceptable to Canada Life to be covered for health benefits, and may be declined for or offered limited dental benefits.

- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

Increases in your benefits while you are covered by this plan will not become effective unless you are actively at work.

- Part-time and seasonal employees who work less than 780 hours each year may not join the plan.
- Temporary employees may not join the plan.
- Employees who are full-time students or students who are enrolled in 60% of a full course load at a school, university, technical institute, regional college or private vocational school may not join the plan.

Your coverage terminates when your employment ends, you are no longer eligible, or the policy terminates, whichever is earliest.

- Your dependents' coverage terminates when your insurance terminates or your dependent no longer qualifies, whichever is earlier.
- Your coverage may be extended if it would have terminated because you are not actively at work due to disease or injury, temporary lay-off or leave of absence. See your employer for details.
- When your coverage terminates, you may be entitled to an extension of benefits under the plan. See your employer for details.

Survivor Benefits

If you die while your coverage is still in force, the health benefits for your dependents will be continued for a period of 3 months or until they no longer qualify, whichever happens first.

DEPENDENT COVERAGE

Dependent means:

- Your domestic partner or spouse, legal or common-law.
- Your unmarried children under age 21, or under age 26 if they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 26, and the disorder has been continuous since that time.

BENEFICIARY DESIGNATION

You may make, alter, or revoke a designation of beneficiary as permitted by law. Any designation of beneficiary you made under your employer's previous policy prior to the effective date of this policy applies to this policy until you make a change to that designation. You should review your beneficiary designation from time to time to ensure that it reflects your current intentions. You may change the designation by completing a form available from your employer.

EMPLOYEE LIFE INSURANCE

On your death, Canada Life will pay your life insurance benefits to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

- If you become disabled while insured, you may be entitled to waiver of premium benefits after you have been continuously disabled for 17 weeks. You will be considered disabled if, during that first period and the next 24 months, disease or injury prevents you from performing the essential duties of your regular occupation.

After the above-mentioned period, you will be considered disabled if your disability prevents you from being gainfully employed in any job. Gainful employment is work you are medically able to perform, for which you have at least the minimum qualifications, and provides you with an income of at least 60% of your indexed monthly earnings before you became disabled.

Waiver of premiums will not continue past your 65th birthday.

- Your life insurance will terminate if you are age 65 or over and you are not actively at work. However, if you are not actively at work because of disease or injury, your life insurance may be continued on a premium paying basis for up to 6 months following the date you ceased to be actively at work.
- If any or all of your insurance terminates on or before your 65th birthday, you may be eligible to apply for an individual conversion policy without providing proof of your insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.

How to Make a Claim

- In the event of your death, the plan administrator will explain the claim requirements to your beneficiary.
- Claims should be submitted as soon as possible, but no later than 6 years following the date of death.

**ACCIDENTAL DEATH, DISMEMBERMENT AND
SPECIFIC LOSS (AD&D) INSURANCE**

If you suffer one of the losses listed below as the result of an accident which occurs while you are insured, you will be paid the factor or portion of the Principal Sum shown opposite the loss in the table below. The loss must occur no later than 365 days after the accident. For loss of use, the loss must be continuous for 365 days. If you suffer multiple losses to the same limb as the result of the same accident, only the loss providing the highest amount payable will be paid.

If you die as a result of an accident, Canada Life will pay the Principal Sum to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

The Principal Sum is the maximum amount that will be paid for all injuries resulting from the same accident. For paraplegia, hemiplegia, and quadriplegia, the maximum amount that will be paid for all injuries resulting from the same accident is two times the Principal Sum.

Loss	Amount Payable
Life	Principal Sum
Both hands or both feet	Principal Sum
Sight of both eyes	Principal Sum
One hand and one foot	Principal Sum
One hand and sight of one eye	Principal Sum
One foot and sight of one eye	Principal Sum
Speech and Hearing in both ears	Principal Sum
One arm or one leg	3/4 Principal Sum
One hand or one foot or sight of one eye	1/2 Principal Sum
Speech	1/2 Principal Sum
Hearing in both ears	1/2 Principal Sum
Thumb and index finger or at least 4 fingers of one hand	1/4 Principal Sum
All toes of one foot	1/8 Principal Sum
 Loss of Use	
Both arms and both legs (quadriplegia)	2 X Principal Sum
Both legs (paraplegia)	2 X Principal Sum
One arm and one leg on the same side of the body (hemiplegia)	2 X Principal Sum
One arm and one leg on different sides of the body	Principal Sum
Both arms or both hands	Principal Sum
One hand and one leg	Principal Sum
One leg or one arm	3/4 Principal Sum
One hand	1/2 Principal Sum

Your AD&D insurance will not continue past the end of the day before the date you reach age 70.

Surgical Reattachment

If you suffer the loss of a limb that is surgically reattached, Canada Life will pay 50% of the amount that would have been payable if the loss had been permanent, regardless of the amount of use regained. The balance of the benefit will be payable if the reattachment fails and the reattached part is removed within one year after the reattachment was performed.

Repatriation

If you die as the result of an accident that is at least 150 kilometres away from your home, Canada Life will pay up to \$2,500 for the preparation and transportation of your body to the place of burial or cremation less any amounts paid under this plan's global medical assistance benefit.

Educational Benefit for Dependent Children

If benefits are payable under this benefit provision for your death, Canada Life will pay the tuition fees for enrolling your dependent children as full-time students at a post-secondary institution. To qualify for an educational benefit, a dependent child must have been enrolled:

- as a full-time student at a post-secondary institution at the time of the accident causing your death, or
- as a full-time student at the secondary school level at the time of the accident causing your death and enrolls as a full-time student at a post-secondary institution within 365 days after the accident.

Canada Life will pay up to 5% of the Principal Sum, or \$5,000, whichever is less, for each year of full-time post-secondary school enrolment. Canada Life will pay the educational benefit each year for a maximum of 4 consecutive years upon receipt of proof of full-time enrolment.

Limitations

No benefits will be paid for tuition expenses incurred before the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

Family Transportation Benefit

If you are hospitalized more than 150 kilometres from your home as a result of an injury for which benefits are payable under this benefit provision, Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's global medical assistance benefit, up to \$2,000, for transportation and lodging expenses for one family member to join you.

Benefits for lodging are limited to moderate quality accommodation for the area of hospitalization. Telephone expenses and taxicab and car rental charges are included.

Transportation expenses are limited to round trip economy class transportation. If a private vehicle is used, expenses are limited to \$.44 per kilometre travelled.

Limitation

Meal expenses are not covered.

Occupational Training Benefit for Spouses

If benefits are payable under this benefit provision for your death, Canada Life will pay for expenses associated with your spouse's enrolment in an accredited occupational training program. The purpose of the training program must be to provide the spouse with at least the minimum qualifications required for employment in an occupation for which the spouse would not otherwise qualify.

Canada Life will pay up to 10% of the Principal Sum, or \$10,000, whichever is less.

Limitations

No benefits will be paid for expenses incurred more than 3 years after the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

Educational Benefit

If benefits are payable under this benefit provision for an injury that requires you to change occupations, Canada Life will pay the tuition fees for enrolling you as a student at a post-secondary institution for training in a new occupation. To qualify for an educational benefit, you must enrol at a post-secondary institution within 365 days after the accident. Canada Life will pay up to \$10,000.

Limitations

No benefits will be paid for tuition expenses incurred before the accident, expenses incurred more than 2 years after the accident causing the injury, or room or board or other ordinary living, travelling, or clothing expenses.

Wheelchair Benefit

If benefits are payable under this benefit provision for an injury that requires the use of a wheelchair for you to be ambulatory, Canada Life will pay for alterations to your principal residence to make it wheelchair accessible and habitable, and modifications to a motor vehicle you use to make it accessible to and driveable by you.

Benefits for home alterations are payable only if the person or persons making the changes are experienced in home alterations for wheelchairs, and recommended by an organization recognized for providing support and assistance to wheelchair users.

Benefits for vehicle modifications are payable only if the person or persons making the changes are experienced in vehicle modification for wheelchairs, and the modifications are approved by the provincial vehicle licensing authority.

Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's healthcare benefit, up to \$10,000 for all home and vehicle modifications combined.

Limitations

No benefits will be paid for expenses incurred more than 365 days after the accident, or for subsequent alterations to your home or vehicle after an initial claim for benefits has been made under this wheelchair benefit provision.

General Limitations

No benefits are paid for injury or death resulting from:

- Intentionally self-inflicted injury or suicide, regardless of your state of mind and whether or not you were able to understand the nature and consequences of your actions
- Viral or bacterial infections, except pyogenic infections occurring through the injury for which loss is being claimed
- Any form of illness or physical or mental infirmity
- Medical or surgical treatment, except surgical reattachment
- War, insurrection or voluntary participation in a riot
- Service in the armed forces of any country
- Air travel serving as a crew member, or in aircraft owned, leased or rented by your employer, or air travel where the aircraft is not licensed or the pilot is not certified to operate the aircraft

How to Make a Claim

- To claim benefits for yourself, ask your employer for a claim form. Complete it and return it to your employer.
- If you die accidentally, your employer will explain the claim requirements to your beneficiary.
- Claims should be submitted as soon as possible, but no later than 6 years after the date of death and 3 months after any other loss.

HEALTHCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefit Summary**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefit Summary** for this information.

The plan covers customary charges for the following services and supplies. All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is accepted by the Canadian medical profession, it is proven to be effective, and it is of a form, intensity, frequency and duration essential to diagnosis or management of the disease or injury.

Covered Expenses

- Ambulance transportation to the nearest centre where adequate treatment is available
- Hospital or nursing home confinement or home nursing care if it represents acute, convalescent, or palliative care.

Acute care is active intervention required to diagnose or manage a condition that would otherwise deteriorate.

Convalescent care is active treatment or rehabilitation for a condition that will significantly improve as a result of the care and follows a 3-day confinement for acute care.

Palliative care is treatment for the relief of pain in the final stages of a terminal condition.

- Preferred accommodation in a hospital or accommodation in a nursing home is covered when provided in Canada.

For hospital accommodation, the plan covers the difference between the hospital's semi-private and standard ward rates. For out-of-province hospital accommodation, any difference between the hospital's standard ward rate and the government authorized allowance in the person's home province is also covered.

The plan also covers the hospital facility fee related to dental surgery and any out-of-province hospital out-patient charges not covered by the government health plan in the person's home province.

For accommodation in a nursing home, the plan covers the government authorized co-payment.

Limitation

Residences established primarily for senior citizens or which provide personal rather than medical care are not covered.

- The plan covers home nursing services of a registered nurse, a registered practical nurse if the person is a resident of Ontario or a licensed practical nurse if the person is a resident of any other province, when services are provided in Canada.

Nursing care is care that requires the skills and training of a professional nurse, and is provided by a professional nurse who is not a member of the patient's family.

You should apply for a pre-care assessment before home nursing begins.

- Chronic care, provided in a hospital, nursing home or for home nursing care in Canada, for a condition where improvement or deterioration is unlikely within the next 12 months
- Drugs and drug supplies described below when prescribed by a person entitled by law to prescribe them, dispensed by a person entitled by law to dispense them, and provided in Canada. Benefits for drugs and drug supplies provided outside Canada are payable only as provided under the out-of-country care provision.
 - Drugs which require a written prescription according to the Food and Drugs Act, Canada or provincial legislation in effect where the drug is dispensed, including contraceptive drugs and products containing a contraceptive drug
 - Injectable drugs including vitamins, insulins and allergy extracts. Syringes for self-administered injections are also covered
 - Disposable needles for use with non-disposable insulin injection devices, lancets, test strips, and sensors for flash glucose monitoring machines
 - Extemporaneous preparations or compounds if one of the ingredients is a covered drug
 - Certain other drugs that do not require a prescription by law may be covered. If you have any questions, contact your plan administrator before incurring the expense.

Unless medical evidence is provided to Canada Life that indicates why a drug is not to be substituted, Canada Life can limit the covered expense to the cost of a lower priced interchangeable drug.

An interchangeable drug includes but is not limited to:

- a generic equivalent of the brand name drug deemed to be interchangeable by law where the drug is dispensed;
- a subsequent entry biologic drug; or
- a drug with a different chemical composition belonging to the same therapeutic class.

For drugs eligible under a provincial drug plan, coverage is limited to the deductible amount and coinsurance you are required to pay under that plan.

- Rental or, at Canada Life's discretion, purchase of certain medical supplies, appliances and prosthetic devices prescribed by a physician or nurse practitioner
- Custom-made foot orthotics and custom-fitted orthopedic shoes, including modifications to orthopedic footwear, when prescribed by a physician or a nurse practitioner
- Trusses
- Canes, walkers, crutches, parapodiums, rechargeable batteries for covered wheelchairs and wheelchairs, including repairs. Special wheelchairs necessary to permit independent participation in daily living are included. Special wheelchair features required primarily for participation in sports are not covered
- Hearing aids, including batteries, tubing and ear molds provided at the time of purchase, when prescribed by a physician or a nurse practitioner
- Diabetic supplies prescribed by a physician or a nurse practitioner: Novolin-pens or similar insulin injection devices using a needle, blood-letting devices including platforms but not lancets. Lancets are covered under prescription drugs
- Blood-glucose monitoring machines prescribed by a physician or a nurse practitioner
- Flash glucose monitoring machines prescribed by a physician or a nurse practitioner

- Continuous glucose monitoring machines prescribed by a physician or a nurse practitioner, including sensors and transmitters
- Diagnostic laboratory and imaging procedures performed in the person's province of residence are covered when that type of procedure is not listed as an insured procedure under their provincial government plan. For greater certainty, a procedure is not eligible for coverage if a person can choose to pay for it, in whole or in part, instead of having the procedure covered under their provincial government plan
- Treatment of injury to sound natural teeth.

A sound tooth is any tooth that did not require restorative treatment immediately before the accident. A natural tooth is any tooth that has not been artificially replaced.

Limitations

No benefits are paid for:

- accidental damage to dentures
- dental treatment completed more than 12 months after the accident
- orthodontic diagnostic services or treatment
- Out-of-hospital services of a qualified athletic therapist
- Out-of-hospital services of a qualified chiropodist
- Out-of-hospital treatment of muscle and bone disorders, including diagnostic x-rays, by a licensed chiropractor
- Out-of-hospital services of a qualified massage therapist
- Out-of-hospital services of a licensed naturopath
- Out-of-hospital services of a licensed osteopath, including diagnostic x-rays
- Out-of-hospital treatment of movement disorders by a licensed physiotherapist
- Out-of-hospital treatment of foot disorders, including diagnostic x-rays, by a licensed podiatrist
- Out-of-hospital treatment by a registered psychologist, qualified social worker, qualified psychotherapist, registered clinical counsellor or qualified marriage/family therapist. Treatment by a registered clinical counsellor is only eligible if provided in British Columbia.
- Out-of-hospital treatment of speech impairments by a qualified speech therapist

Visioncare

- Eye examinations, including refractions, when they are performed by a licensed ophthalmologist or optometrist, and coverage is not available under your provincial government plan
- Glasses and contact lenses required to correct vision when provided by a licensed ophthalmologist, optometrist or optician
- Special Eyeglasses and Contact Lenses following a surgical or non-surgical procedure of keratoconus
- Laser eye surgery required to correct vision when performed by a licensed ophthalmologist

Global Medical Assistance Program

This program provides medical assistance through a worldwide communications network which operates 24 hours a day. The network locates medical services and obtains Canada Life's approval of covered services, when required as a result of a medical emergency arising while you or your dependent is travelling for vacation, business or education. Coverage for travel within Canada is limited to emergencies arising more than 500 kilometres from home. You must be covered by the government health plan in your home province to be eligible for global medical assistance benefits. The following services are covered, subject to Canada Life's prior approval:

- On-site hospital payment when required for admission, to a maximum of \$1,000
- If suitable local care is not available, medical evacuation to the nearest suitable hospital while travelling in Canada. If travel is outside Canada, transportation will be provided to a hospital in Canada or to the nearest hospital outside Canada equipped to provide treatment

When services are covered under this provision, they are not covered under other provisions described in this booklet

- Transportation and lodging for one family member joining a patient hospitalized for more than 7 days while travelling alone. Benefits will be paid for moderate quality lodgings up to \$1,500 and for a round trip economy class ticket
- If you or a dependent is hospitalized while travelling with a companion, extra costs for moderate quality lodgings for the companion when the return trip is delayed due to your or your dependent's medical condition, to a maximum of \$1,500
- The cost of comparable return transportation home for you or a dependent and one travelling companion if prearranged, prepaid return transportation is missed because you or your dependent is hospitalized. Coverage is provided only when the return fare is not refundable. A rental vehicle is not considered prearranged, prepaid return transportation
- In case of death, preparation and transportation of the deceased home
- Return transportation home for minor children travelling with you or a dependent who are left unaccompanied because of your or your dependent's hospitalization or death. Return or round trip transportation for an escort for the children is also covered when considered necessary
- Costs of returning your or your dependent's vehicle home or to the nearest rental agency when illness or injury prevents you or your dependent from driving, to a maximum of \$1,000.

Limitation

Benefits will not be paid for vehicle return if transportation reimbursement benefits are paid for the cost of comparable return transportation home

Benefits payable for moderate quality accommodation include telephone expenses as well as taxicab and car rental charges.

Limitation

Meal expenses are not covered.

Out-Of-Country Care

- **Emergency care** outside Canada is covered if it is required as a result of a medical emergency arising while you or your dependent is temporarily outside Canada for vacation, business or education purposes. To qualify for benefits, you must be covered by the government health plan in your home province.

A medical emergency is either a sudden, unexpected injury, or a sudden, unexpected illness or acute episode of disease that could not have been reasonably anticipated based on the patient's prior medical condition.

Emergency care is covered medical treatment that is provided as a result of and immediately following a medical emergency.

Limitations

If the patient's condition permits a return to Canada, benefits are limited to the lesser of:

- the amount payable under this plan for continued treatment outside Canada, and
- the amount payable under this plan for comparable treatment in Canada plus the cost of return transportation.

No benefits are paid for:

- any further medical care related to a medical emergency after the initial acute phase of treatment. This includes non-emergency continued management of the condition originally treated as an emergency
 - any subsequent and related episodes during the same absence from Canada
 - expenses related to pregnancy and delivery, including infant care:
 - after the 34th week of pregnancy, or
 - at any time during the pregnancy if the patient's medical history indicates a higher than normal risk of an early delivery or complications.
 - expenses incurred more than 60 days after the date of departure from Canada. If you or your dependent is hospital confined at the end of the 60-day period, benefits will be extended to the end of the confinement
- **Non-emergency care** outside Canada is covered for you and your dependents if:
 - it is required as a result of a referral from your usual Canadian physician
 - it is not available in any Canadian province and must be obtained elsewhere for reasons other than waiting lists or scheduling difficulties
 - you are covered by the government health plan in your home province for a portion of the cost, and
 - a pre-authorization of benefits is approved by Canada Life before you leave Canada for treatment.

Limitations

No benefits will be paid for:

- investigational or experimental treatment
- transportation or accommodation charges.

The plan covers the following services and supplies when related to out-of-country care:

- treatment by a physician
- diagnostic x-ray and laboratory services
- hospital accommodation in a standard or semi-private ward or intensive care unit, if the confinement begins while you or your dependent is covered
- medical supplies provided during a covered hospital confinement
- paramedical services provided during a covered hospital confinement
- hospital out-patient services and supplies
- medical supplies provided out-of-hospital if they would have been covered in Canada
- drugs
- out-of-hospital services of a professional nurse
- for emergency care only:
 - ambulance services by a licensed ambulance company to the nearest centre where essential treatment is available
 - dental accident treatment if it would have been covered in Canada.

Other Services and Supplies

Canada Life can, on such terms as it determines, cover services or supplies under this plan where the service or supply represents reasonable treatment.

General Limitations

Canada Life can decline a claim for services or supplies that were purchased from a provider that is not approved by Canada Life.

Canada Life can limit the covered expense for a service or supply to that of a lower cost alternative service or supply that represents reasonable treatment.

Except to the extent otherwise required by law, no benefits are paid for:

- Expenses private insurers are not permitted to cover by law
- Services or supplies for which a charge is made only because you have insurance coverage
- The portion of the expense for services or supplies that is payable by the government health plan in your home province, whether or not you are actually covered under the government health plan
- Any portion of services or supplies which you are entitled to receive, or for which you are entitled to a benefit or reimbursement, by law or under a plan that is legislated, funded, or administered in whole or in part by a government ("government plan"), without regard to whether coverage would have otherwise been available under this plan

In this limitation, government plan does not include a group plan for government employees

- Services or supplies that do not represent reasonable treatment
- Services or supplies associated with:
 - treatment performed only for cosmetic purposes
 - recreation or sports rather than with other daily living activities
 - contraception, other than contraceptive drugs and products containing a contraceptive drug
- Services or supplies associated with a covered service or supply, unless specifically listed as a covered service or supply or determined by Canada Life to be a covered service or supply
- Extra medical supplies that are spares or alternates
- Services or supplies received outside Canada except as listed under Out-of-Country Care and Global Medical Assistance
- Services or supplies received out-of-province in Canada unless you are covered by the government health plan in your home province and Canada Life would have paid benefits for the same services or supplies if they had been received in your home province

This limitation does not apply to Global Medical Assistance

- Expenses arising from war, insurrection, or voluntary participation in a riot
- Visioncare services and supplies required by an employer as a condition of employment

- Services or supplies that Canada Life has determined are not proportionate to the disease or injury or, where applicable, the stage or progression of the disease or injury. In determining whether a service or supply is proportionate, Canada Life may take any factor into consideration including, but not limited to, the following:
 - clinical practice guidelines;
 - assessments of the clinical effectiveness of the service or supply, including by professional advisory bodies or government agencies;
 - information provided by a manufacturer or provider of the service or supply; and
 - assessments of the cost effectiveness of the service or supply, including by professional advisory bodies or government agencies.

In addition and except to the extent otherwise required by law, under the prescription drug coverage, no benefits are paid for:

- Drugs or drug supplies that appear on an exclusion list maintained by Canada Life. Canada Life may exclude coverage for all expenses for a drug or drug supply, or only those expenses that relate to the treatment of specific diseases or injuries or the stages or progressions of specific diseases or injuries. Canada Life may add or remove a drug or drug supply from an exclusion list at any time.

For greater certainty, a drug or drug supply may be added to an exclusion list for any reason including, but not limited to, the following:

- Canada Life determining that further information from professional advisory bodies, government agencies or the manufacturer of the drug or drug supply is necessary to assess the drug or drug supply; or
 - Canada Life determining that the drug or drug supply is not proportionate to the disease or injury or, where applicable, the stage or progression of the disease or injury.
- Atomizers, appliances, prosthetic devices, colostomy supplies, first aid supplies, diagnostic supplies or testing equipment
 - Non-disposable insulin delivery devices or spring loaded devices used to hold blood letting devices
 - Delivery or extension devices for inhaled medications
 - Oral vitamins, minerals, dietary supplements, homeopathic preparations, infant formulas or injectable total parenteral nutrition solutions
 - Diaphragms, condoms, contraceptive jellies, foams, sponges, suppositories, contraceptive implants or appliances
 - Smoking cessation products
 - Fertility drugs
 - Anti-obesity drugs
 - Any drug that does not have a drug identification number as defined by the Food and Drugs Act, Canada
 - Any single purchase of drugs which would not reasonably be used within 34 days. In the case of certain maintenance drugs, a 100-day supply will be covered

- Drugs administered during treatment in an emergency room of a hospital, or as an in-patient in a hospital
- Non-injectable allergy extracts
- Drugs that are considered cosmetic, such as topical minoxidil or sunscreens, whether or not prescribed for a medical reason
- Preventative immunization vaccines and toxoids
- Drugs eligible under the Ontario Drug Benefit Act
- Drugs used to treat erectile dysfunction

Prior Authorization

In order to determine whether coverage is provided for certain services or supplies, Canada Life maintains a limited list of services and supplies that require prior authorization.

For services and supplies, including a listing of the prior authorization drugs, go to www.canadalife.com.

Prior authorization is intended to help ensure that a service or supply represents a reasonable treatment.

If the use of a lower cost alternative service or supply represents reasonable treatment, Canada Life may require you or your dependent to provide medical evidence why the lower cost alternative service or supply cannot be used before coverage may be provided for the service or supply.

Health Case Management

Canada Life may contact you to participate in health case management. Health case management is a program recommended or approved by Canada Life that may include but is not limited to:

- consultation with you or your dependent and the attending physician to gain understanding of the treatment plan recommended by the attending physician;
- comparison with the attending physician, of the recommended treatment plan with alternatives, if any, that represent reasonable treatment;
- identification to the attending physician of opportunities for education and support; and
- monitoring your or your dependent's adherence to the treatment plan recommended by the attending physician.

In determining whether to implement health case management, Canada Life may assess such factors as the service or supply, the medical condition, and the existence of generally accepted medical guidelines for objectively measuring medical effectiveness of the treatment plan recommended by the attending physician.

Health Case Management Limitation

Canada Life can, on such terms as it determines, limit the payment of benefits for a service or supply where:

- Canada Life has implemented health case management and you or your dependent do not participate or cooperate; or
- you or your dependent have not adhered to the treatment plan recommended by the attending physician with respect to the use of the service or supply.

Health Case Management Expense Benefit

Expenses associated with health case management may be paid for by Canada Life at its discretion. Expenses claimed under this provision must be pre-authorized by Canada Life.

Designated Provider Limitation

For a service or supply to which prior authorization applies or where Canada Life has recommended or approved health case management, Canada Life can require that a service or supply be purchased from or administered by a provider designated by Canada Life, and:

- limit the covered expense for a service or supply that was not purchased from or administered by a provider designated by Canada Life to the cost of the service or supply had it been purchased from or administered by the provider designated by Canada Life; or
- decline a claim for a service or supply that was not purchased from or administered by a provider designated by Canada Life.

Patient Assistance Program

A patient assistance program may provide financial, educational or other assistance to you or your dependents with respect to certain services or supplies.

If you or your dependents are eligible for a patient assistance program, Canada Life can require you or your dependent to apply to and participate in such a program. Where financial assistance is available from a patient assistance program in which Canada Life requires participation, Canada Life can reduce the amount of a covered expense for a service or supply by the amount of financial assistance you or your dependent is entitled to receive for that service or supply.

How to Make a Claim

- **Out-of-Country Emergency Care and Global Medical Assistance Claims**

Access www.canadalife.com to obtain an Out-of-Country/Travel Assistance claim form and the provincial authorization form for your home province or territory.

Complete all applicable forms, including all required information. Forward the claim forms, along with copies of your receipts, as directed on the claim form.

Be sure to keep original receipts for your own records.

This plan will pay all eligible claims including your provincial or territorial medical plan portion. Your provincial or territorial medical plan will then reimburse this plan for the government's share of the expenses.

If your provincial or territorial medical plan refuses payment, you may be asked to reimburse this plan for any amount it already paid on behalf of the provincial or territorial medical plan.

Submit all claims as soon as possible to meet provincial submission timelines.

- **All Other Healthcare Claims**

Online claims: To submit online claims, register at www.mycanadalifeatwork.com. To use this service you will need to be registered for My Canada Life at Work and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Submit online claims to Canada Life as soon as possible, but no later than 12 months after you incur the expense.

Online claims must be submitted to Canada Life as soon as possible, but no later than 12 months after you incur the expense and no later than 90 days after the date of termination of your coverage.

Paper claims: To submit paper claims, access www.mycanadalifeatwork.com to obtain a personalized claim form, or obtain form M635D from your employer. Complete this form making sure it shows all required information.

Attach your receipts to the claim form and return it to the Canada Life Benefit Payment Office as soon as possible, but no later than 18 months after you incur the expense and no later than 90 days after the date of termination of your coverage.

- **Drug claims**

Your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

Before your prescription is filled, an Assure Claims check will be done. Assure Claims is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

VIRTUAL HEALTH SERVICES

Virtual health services are available to you and your dependents (each a “person” for the purposes of these services) by downloading the service provider’s application specified by Canada Life from time to time. These services include the following:

- Unless prohibited by applicable laws, access to an unlimited number of consultations via telephone calls, text messaging and videoconferencing with medical professionals
- Prescriptions and prescription renewals, when medically needed
- Where diagnostic or laboratory tests are medically needed:
 - completion of necessary requisitions
 - results of the diagnostic or laboratory tests provided and accessible through the provider’s application
 - information on the results of diagnostic/laboratory tests via the service provider’s application
- Details of a person’s care plan provided to the person on request of that person
- Access to self-guided internet-based cognitive behavioral therapy (iCBT)
- Access to specialists such as psychologists, dieticians and work and life coaches for an additional fee

The above services will be available 24 hours a day, 7 days a week.

DENTALCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefit Summary**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefit Summary** for this information.

The plan covers customary charges to the extent they do not exceed the dental fee guide level for a general practitioner shown in the **Benefit Summary**, except that:

- denturist fee guides are applicable when services are provided by a denturist.
- dental hygienist fee guides are applicable when services are provided by a dental hygienist practising independently.

All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is recognized by the Canadian Dental Association, it is proven to be effective, and it is of a form, frequency, and duration essential to the management of the person's dental health. To be considered reasonable, treatment must also be performed by a dentist or under a dentist's supervision, performed by a dental hygienist entitled by law to practise independently, or performed by a denturist.

Treatment Plan

- Before incurring any large dental expenses, or beginning any orthodontic treatment, ask your dental service provider to complete a treatment plan and submit it to Canada Life. Canada Life will calculate the benefits payable for the proposed treatment, so you will know in advance the approximate portion of the cost you will have to pay.

Basic Coverage

The following expenses will be covered:

- Diagnostic services including:
 - one complete oral examination every 36 months
 - limited oral examinations once every 6 months, except that only one limited oral examination is covered in any 12-month period that a complete oral examination is also performed

How to Make a Claim

- **Claims for expenses incurred in Canada** may be submitted online. Access My Canada Life at Work to obtain a personalized claim form or obtain form M445D from your employer and have your dental service provider complete the form. The completed claim form will contain the information necessary to enter the claim online. To use the online service you will need to be registered for My Canada Life at Work and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Online claims must be submitted to Canada Life as soon as possible, but no later than 12 months after the dental treatment and no later than 90 days after the date of termination of your coverage.

You must retain your receipt for 12 months from the date you submit your claim to Canada Life as a record of the transaction, and you must submit it to Canada Life on request.

- **For all other Dentalcare claims**, access My Canada Life at Work to obtain a personalized claim form or obtain form M445D from your employer. Have your dental service provider complete the form and return it to the Canada Life Benefit Payment Office as soon as possible, but no later than 18 months after the dental treatment and no later than 90 days after the date of termination of your coverage.

COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.
- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:
 1. the plan of the parent with custody of the child;
 2. the plan of the spouse of the parent with custody of the child;
 3. the plan of the parent without custody of the child;
 4. the plan of the spouse of the parent without custody of the child

You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.
